

# **COVID-19 Safety Precautions 2021**

In summer of 2021 we will have a modified camp program that aligns with the Restore Illinois Plan Phase 4. Below is an outline of our modified procedures.

## **Teams of 15**

Campers will be grouped according to age in teams of 15. Siblings group together (when appropriate). Two staff leaders are designated to each team. Each team will be based on a separate floor of the building where the group can gather for activities, have separate bathrooms, drinking fountains, locker areas, and separate stairwells to travel on as they go outside (*often*) for activities. Beginner Camp will have the separate yellow building as their base.

## **Early Care and After Care Included**

In order to maintain group separation throughout the entire day, one of the team's leaders will arrive early and the other will stay late to care for campers during our traditional extended care times. This means that you can drop your camper off any time after 7:00 am and they will join their specific group. Pick them up any time before 6:00 pm.

## **Drop-Off / Pick-Up**

Drop-Off and Pick-Up will take place in the parking lot near the yellow Early Education Building. Parents will stay in their vehicle and will not enter the building at these times.

## **Safety to Prevent Spread**

The latest safety requirements will be followed. Staff and children will be required to wear face coverings inside the building. Disposable masks will be available for purchase each day for \$1.

## **Cleaning**

Cleaning and sanitizing will take place on common touch surfaces approximately every 2 hours or following any food consumption events (snack, lunch, etc.).

Campers will be asked to wash hands or use hand sanitizer in between activities.

## **Lunch and Water**

Campers must bring a lunch and refillable water bottle each day. Hot lunch will **NOT** be available for purchase this year. Lunch and snack time will take place outdoors in designated team areas. Water fountains can be used to refill water bottles but not for drinking directly from it.
